PERSONAL PROTECTION EQUIPMENT

Overview

INPROTECH, formerly known as Dalson Incorporation, has been a trusted name in industrial safety products for over 52 years. Established with a vision to enhance workplace safety and operational reliability, INPROTECH continues its legacy as one of India's leading providers of safety solutions. The transition to INPROTECH in 2024 marks a new chapter of innovation, quality, and customer-centric solutions while preserving the strong foundation built over decades.

Who We Are

Built on trust, quality, and service excellence, INPROTECH has evolved from a local supplier to a preferred safety partner for industries across India. We serve a wide range of sectors including chemical, pharmaceutical, construction, energy, mechanical, and automotive, ensuring every workplace meets the highest safety and compliance standards.

Our Offerings

We provide a comprehensive range of industrial safety products, including:

- Personal Protective Equipment (PPE) – helmets, gloves, eyewear, footwear, and protective clothing
- Fall Protection and Confined Space Equipment
- Road and Workplace Safety Products

Why Us

52 years of legacy built on quality, reliability, and trust

Led by an IIM alumna with over 25 years of experience in the automotive and mechanical industry, with extensive experience partnering with global leading MNCs, driving innovation and operational excellence

Strong supplier partnerships with leading global and Indian safety brands

Customer-first approach with focus on prompt service and tailored solutions

Dedicated technical team ensuring compliance with the latest safety standards

Our Purpose

Our purpose is to be a trusted partner in safety solutions – protecting lives and enabling industries to operate safely and efficiently.

Our Values

Reliability – delivering consistent quality and dependable service

Accountability – taking ownership and responsibility in every commitment

Trust – building lasting relationships through honesty and transparency

Quality Assurance – maintaining the highest standards in every product we deliver
